25X1 MEMORANDUM FOR: C/EPS [REDACTED]

Office of Congressional Affairs

SUBJECT: Task Force for Contra Aid

Jim Currie asked me today if the Washington Post was correct in reporting on 13 July that a task force was established following the Contra vote in the House to plan for expanded US aid. The article said that the task force was already working with appropriate Congressional committees to which Currie commented that the SSCI would like to work with the task force.
